Engine	42hp Doosan or 24hp Kubota Diesel
No Stress System	AutoIntelligence No Stress Device

SPECIFICATION

Feed System

AutoIntelligence Fully Water & Vibration Proof
Touch Pads

Capacity

30 Litres

Noise Level

Lwa 122db

Machine Width

1200mm

Machine Length

2695mm

Machine Height (Chute On)

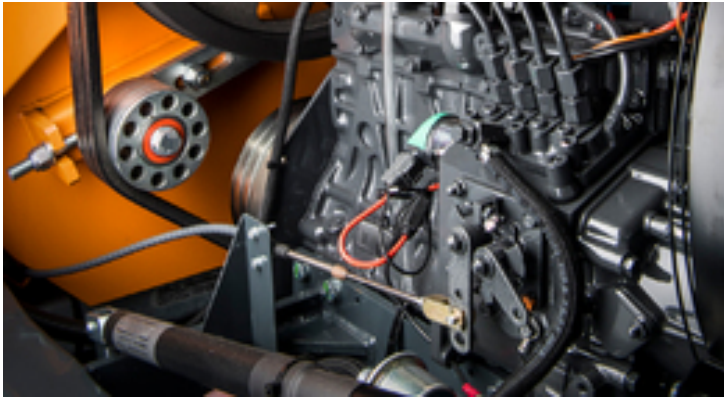

2395mm

Weight

1300kg (24hp) 1430kg (42hp)

FEATURES

STAGE 5 COMPLIANT DIESEL

Any diesel engine over 24hp has to have DPF treatment so we give you the option of the Kubota at 24hp or the Doosan at 42hp with the DPF filter.

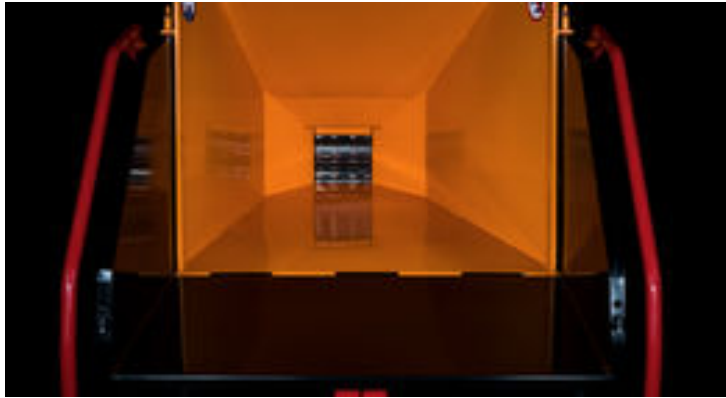

HIGH SPEED TRACKING

Piggyback hydraulic pumps means gives high speed tracking and excellent torque

SIMPLICITY OF MAINTENANCE

Two catches and two bolts to access the service part for the machine. One bolt to remove the anvil

WIDE HOPPER

New and improved wide hopper right down to the mouth to make feeding this machine a dream and giving you the ability to get awkward limbs and forks into the incredibly strong rollers.

FORSTGRIP FEED ROLLER SYSTEM

The Forst Unique feedroller system with emphasis on exceptional crushing power. The ForstGrip top feed roller

OPEN TOP FLYWHEEL SYSTEM

Simply phenomenal velocity when chipping. Forst will throw the chip right to the front of your wagon due to the

i

climbs on an arc toward the timber, pulling the material toward the flywheel and naturally climbing butt ends to make infeed grip exceptional. Twin high tension springs either side of the roller as well as the sheer weight and gravitational pull mean even the toughest forks and limbs are broken

open top flywheel system with large gusseted draught fins at the rear. Chip is thrown, not blown meaning blockages on wet material are simply not a problem.

AUTOINTELLIGENCE

A simple yet advanced electrical control system taking care of all the electrics on the machine. Historically electrics on plant and machinery are a troublesome – AutoIntelligence overcomes this with a completely water and vibration proof system designed and tested in the toughest environments. This system gives excellent usability and outstanding reliability, it will also make you aware when servicing is due and will recommend routine maintenance.

FÖRST REMOTE CONTROL

Full proportional remote control from Forst ! Tough, ergonomic, easy to use and complete with two rechargeable batteries and back up cable. Durable and reliable and with an impressive range of 100 metres. Now Available as an Optional Extra for all Forst Tracked Woodchippers.
